

The image is a composite. On the left, a woman with dark hair is seen from the chest up, looking down at a laptop. Her hands are on the keyboard. On the right, there is a collage of geological publications. At the top are two covers of the 'Geological Atlas of Poland' (Atlas Geologiczny Polski) by the Polish Geological Institute (Instytut Geologiczny Państwowy Instytut Badawczy). Below these are two covers of 'Przegląd Geologiczny' (Geological Review). The one on the left shows a mineral specimen and mentions 'Pierwotny i wtórny...'. The one on the right is a commemorative issue for the 100th anniversary of the Polish Geological Society (1921-2021). At the bottom right, there is a logo of the Polish Geological Institute and a QR code.
