» Oral and poster sessions (25th June 2013)

All speakers of oral presentations will be allocated 20 minutes for their presentation including the discussion. Facilities in the lecture room will include 2 multimedia projectors. If you prepare PowerPoint presentation, prepare, please, two copies of it - both in pen-drive and CD plate, which we will be used in our local computer, for better guarantee to works smoothly. The available space for posters is 1.5 m high x 1 m wide. The poster display will take place close to the lecture room (or inside in it) and will be open during whole scientific session.

» Language

English will be the official language of the Symposium

» Abstract volume and publication

The enlarged abstracts [max. 2 standard pages including tables, figures and references; in “doc” files only; with name(s) of the Author(s) with their affiliation(s), mailing and e-mail address(es)] will be published in a Symposium volume published by the Polish Geological Institute - National Research Institute. Both oral and poster presentations will qualify for inclusion. All paying participants will receive this volume.

The publication of the Symposium proceedings is planned in the form of a special volume of one of the international peer-reviewed Polish geological journals (e.g. *Geological Quarterly*, *Acta Palaeontologica Polonica* or other). The choose of journals depends on your activity and ready papers. The manuscripts are accepted in English. Please, use simple text (1.5 lined, 12 points font size) in MS Word, with indicated position of tables (in MS Excel format) and pictures (*.TIF or *.JPG format). Deliver your text(s) by e-mail or CD. Deadline of the manuscripts - June 25th, 2013.

Notice: No manuscripts can be accepted after the stated deadline.

» Field trip

In addition to the scientific session, a two-days field trip will be organized on **June 26th and 27th 2013** to Jurassic outcrops around Kraków. Kraków is very close to Callovian and Oxfordian limestone outcrops of the Kraków-Częstochowa Jura Upland, which are relatively rich in decapods - mainly crabs - especially connected with Late Jurassic sponge buildups of the peri-Tethyan epicontinental sea.

» Travel

Kraków can be reached by plain, train and/or bus; from Warsaw by express train within 2-2.5 hours to Kraków central station.

The organizers cannot accept responsibility for accidents that might occur in connection with the symposium and field trip. Delegates are encouraged to purchase travel insurance. Detailed travel instructions with maps will follow with the 3rd Circular.

» Deadlines again

01.03.2013 - Deadline for registration and submissions of abstracts

25.06.2013 - Deadline for submissions of manuscripts

**We are looking forward to seeing you in Kraków!
Please circulate this announcement as widely as possible**
