

Biblioteka PIG-PIB poleca:

The image displays three book covers. The first, 'Geodezja' by Wiesław Kosiński, features a red top section with the title in white, a satellite map of a city, and a CD-ROM icon. The second, 'Geologia polskich złóż węgla brunatnego' by Marek Widera, has a dark brown background with a photograph of a brown coal deposit. The third is a poster for the 'XXV Międzynarodowe Sympozjum Solne' (International Salt Symposium) titled 'QUO VADIS SAL', held at AGH Kraków from September 30 to October 1, 2021. It features a green geometric design and the PSGS logo.
