

**Biblioteka PIG-PIB poleca:**

The image displays three book covers from the Biblioteka PIG-PIB series. The first cover, on the left, is for the book 'Coalbed Methane in China: Geological Theory and Development' by Yan Song, Xinmin Zhang, and Shaobo Liu. It features a blue and white color scheme and is published by Science Press Beijing and Springer. The second and third covers, on the right, are for the two volumes of 'Geotechnics for Sustainable Infrastructure Development', edited by Phung Duc Long and Nguyen Tien Dung. These covers have a red and white color scheme and are published by Springer. Each cover includes the Biblioteka PIG-PIB logo and the text 'Lecture Notes in Civil Engineering'.
