

31st Meeting of the Petrology Group of the Mineralogical Society of Poland Rhyolite – Rock of the Year 2026 Krotoszyce 15-18.10.2026

The 31st Meeting of the Petrology Group of the Mineralogical Society of Poland - PTMin 2026 will be held under the theme “Rhyolite - Rock of the Year 2026”.

This meeting embraces the idea of designating a “rock of the year” as an opportunity to highlight rhyolite - a rock of exceptional scientific and societal significance.

This celebration of Rhyolite – Rock of the Year 2026 provides an occasion to bring together scientists working on silicic rocks across Central Europe. Traditionally, the main Petrology Group PTMin meeting will serve as a platform for mineralogists and petrologists to come together, exchange ideas, and foster collaboration during thematic and general sessions.

The conference will also provide a unique opportunity to honor the contributions of Professor Jacek Puziewicz, founder of the Petrology Group. To celebrate his scientific legacy, a dedicated session on mantle evolution - his primary field of research - will be held.

Important dates:

Opening Registration → 4th May 2026	Deadline for Early Registration → 15th June 2026	Deadline for Registration → 1st September 2026	Deadline for Abstract → 2nd September 2026	The Second Circular → 6th October 2026
---	--	--	--	--

Preliminary program:

1. **Wednesday 14.10.2026**
Registration for Rhyolitic Group
2. **Thursday 15.10.2026**
Meeting of Rhyolitic Group
Regular Registration
Evening: NCN training course
3. **Friday 16.10.2026**
Rhyolite – Rock of the Year 2026 Session and General Session.
Poster Session.
4. **Saturday 17.10.2026**
Mantle Fascination Session and General Session.
Poster Session.
5. **Sunday 18.10.2026**
Field Trip
