

## Contributing Authors

### Krzysztof BRUDNIK

Msc. Eng. Wieliczka Salt Mine Chief Geologist. Wieliczka Salt Mine, Park Kingi 1, 32-020 Wieliczka; Poland; krzysztof.brudnik@kopalnia-pp.pl. His main fields of expertise are: geology of salt deposits, salt mining and monitoring of natural hazards in salt mines.

### Wojciech CIĘŻKOWSKI

Professor. Technical University of Wrocław, Faculty of Engineering, Mining and Geology, Wybrzeże Wyspiańskiego 27, 50-370 Wrocław, Poland; wojciech.ciezkowski@pwr.wroc.pl. His main fields of expertise are: hydrogeology of mineral waters in the Sudetes and Carpathians, thermal and fresh water resources in the Sudetes.

### Józef CHOWANIEC

Ph.D. Eng. The Carpathian Branch of the Polish Geological Institute – National Research Institute, ul. Skrzatów 1, 31-560 Kraków, Poland; jozef.chowaniec@pgi.gov.pl. His main fields of expertise are: hydrogeology of the Carpathians, groundwater resources and investigations of thermal waters.

### Mariusz CZOP

Ph.D. Eng. AGH University of Science and Technology, Faculty of Geology, Geophysics and Environmental Protection, al. A. Mickiewicza 30, 30-059 Kraków, Poland; mariucz@agh.edu.pl. His main fields of expertise are: mining and applied hydrogeology, groundwater geochemistry and mathematical modelling of groundwater.

### Kajetan D'OBYRN

Ph.D. Eng. Wieliczka Salt Mine Chairman of Management. Wieliczka Salt Mine, Park Kingi 1, 32-020 Wieliczka, Poland; kajetan.dobyrn@kopalnia-pp.pl. His main fields of expertise are: tracer test methods and evaluation of the environmental impact of anthropogenic activities.

### Wojciech GÓRECKI

Professor. AGH University of Science and Technology, Faculty of Geology, Geophysics and Environmental Protection, al. A. Mickiewicza 30, 30-059 Kraków, Poland; wgorecki@agh.edu.pl. His main fields of expertise are: resources and management of thermal waters in Poland.

### Piotr HERBICH

Ph.D. Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland; piotr.herbich@pgi.gov.pl. His main fields of expertise are: groundwater cartography, management, resources and protection.

### Bogusław KAZIMIERSKI

Ph.D. Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland; boguslaw.kazimierski@pgi.gov.pl. His main fields of expertise are: groundwater monitoring and mathematical modelling.

### Andrzej KOWALCZYK

Professor. The University of Silesia, Department of Hydrogeology and Engineering Geology, Faculty of Earth Sciences, ul. Będzińska 60, 41-200 Sosnowiec, Poland; andrzej.kowalczyk@us.edu.pl. His main fields of expertise are: groundwater modelling, urban hydrogeology and environmental impact of mining.

### Bohdan KOZERSKI

Professor emeritus. Gdańsk University, Department of Marine Geology, ul. Piłsudskiego 46, 81-378 Gdynia, Poland; bkoz@wp.pl. His main fields of expertise are: regional hydrogeology, hydrogeology of coastal area, hydraulic properties of aquifers.

### Arkadiusz KRAWIEC

Ph.D. Eng. Nicolaus Copernicus University, Faculty of Biology and Earth Sciences, ul. Gagarina 9, 87-100 Toruń, Poland; arkadiusz.krawiec@umk.pl. His main fields of expertise are: hydrogeology of north-western Poland, mineral waters and Baltic coastal aquifers.

### Ewa KROGULEC

Professor. Warsaw University, Faculty of Geology, Institute of Hydrogeology and Engineering Geology, ul. Żwirki i Wigury 93, 02-089 Warszawa, Poland; ewa.krogulec@uw.edu.pl. Her main fields of expertise are: groundwater protection, groundwater vulnerability to contamination, groundwater management, groundwater recharge, hydrogeology parameters, numerical modelling in hydrogeology.

### Dariusz LIWANOWSKI

*Travel News* Editor. Polish Tourist Organization, ul. Chałubińskiego 8, 00-613 Warszawa, Poland; dariusz.liwanowski@pot.gov.pl.

### Jerzy J. MAŁECKI

Professor. Warsaw University, Faculty of Geology, Institute of Hydrogeology and Engineering Geology, ul. Żwirki i Wigury 93, 02-089 Warszawa, Poland; jerzy.malecki@uw.edu.pl. His main fields of expertise are: applied hydrogeology and water protection, groundwater geochemistry and contaminant transport, mapping of water resources.

### Janusz MICHALAK

Ph.D. Warsaw University, Faculty of Geology, Institute of Hydrogeology and Engineering Geology, ul. Żwirki i Wigury 93, 02-089, Warszawa, Poland; j.michalak@uw.edu.pl, <http://netgis.geo.uw.edu.pl>. Research activities: groundwater flow modelling software, integration flow modelling with GIS, geological and hydrogeological data models, geospatial interoperable technologies, geospatial data infrastructures, European Infrastructure INSPIRE.

### Józef MIKOŁAJKÓW

Ph.D. Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland; jozef.mikolajkow@pgi.gov.pl. His main fields of expertise include groundwater resources and protection.

**Jacek MOTYKA**

Professor. AGH University of Science and Technology, Faculty of Geology, Geophysics and Environmental Protection, al. A. Mickiewicza 30, 30-059 Kraków, Poland; motyka@agh.edu.pl. His main fields of expertise include mining and applied hydrogeology, karst hydrogeology and groundwater geochemistry.

**Marek NAWALANY**

Professor. Warsaw University of Technology, Faculty of Environmental Engineering, ul. Nowowiejska 20, 01-653 Warszawa, Poland; marek.nawalany@is.pw.edu.pl. His main fields of expertise are: mathematical modelling in subsoil hydrology, system analysis, hydrology and water management.

**Bronisław PACZYŃSKI**

Professor emeritus. Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland. His main fields of expertise are: hydrogeological cartography, regional hydrogeology of Poland, groundwater resources.

**Shammy PURI**

Secretary General of the International Association of Hydro-geologists, United Kingdom; ShammyPuri@aol.com. His main field of work is applied hydrogeology in environmental management, development of the science based policies related to the law of transboundary aquifers formulated by the United Nations; currently acting as Environmental Advisor to the European Commissions Programme on Policy Support for Ukraine's Coal Sector and its Restructuring.

**Jan PRZYBYŁEK**

Professor. Adam Mickiewicz University, Faculty of Geographical and Geological Sciences, Institute of Geology, ul. Maków Polnych 16, 61-606 Poznań, Poland; janex@amu.edu.pl. His main fields of expertise include applied hydrogeology, water protection and mathematical modelling of groundwater.

**Lucyna RAJCHEL**

Ph.D. Eng. AGH University of Science and Technology, Faculty of Geology, Geophysics and Environmental Protection, al. A. Mickiewicza 30, 30-059 Kraków, Poland; rajchel@geolog.geol.agh.edu.pl. Her main fields of expertise are: mineral waters of the Carpathians and the origin of sulphide waters.

**Marek ROGOŹ**

Professor emeritus. The Central Mining Institute, ul. Grażyńskiego 48/9, 40-126 Katowice, Poland; marek\_rogoz@interia.pl. His main fields of expertise are: mining hydrogeology and water hazards in mining and also environmental impacts of the mining activities.

**Andrzej RÓŹKOWSKI**

Professor emeritus. The University of Silesia, ul. Królowej Jadwigi 1 m. 20, 41-200 Sosnowiec, Poland; adrozko@o2.pl. His main fields of expertise are: regional, environmental and mining hydrogeology.

**Andrzej SADURSKI**

Professor. Nicholas Copernicus University, ul. Gagarina 11, 87-100 Toruń, Poland and Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland; andrzej.sadurski@pgi.gov.pl. His main fields of expertise are: groundwater recognition and protection, hydrogeochemistry, groundwater resources evaluation, hydrogeological cartography, regional hydrogeology of Poland.

**Andrzej SZCZEPAŃSKI**

Professor. AGH University of Science and Technology, Faculty of Geology, Geophysics and Environmental Protection, al. A. Mickiewicza 30, 30-059 Kraków, Poland; aszczep@agh.edu.pl. His main fields of expertise include applied and mining hydrogeology, mathematical modelling of groundwater and water protection.

**Lesław SKRZYPCZYK**

Ph.D. Director of the Polish Hydrogeological Survey, Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland; leslaw.skrzypczyk@pgi.gov.pl. His main fields of expertise are: hydrogeological, digital cartography and groundwater resources management, groundwater resources evaluation, hydro- geological cartography, regional hydrogeology of Poland.

**Stanisław STĄSKO**

Professor. Wrocław University, Hydrogeology Department, Faculty of Earth Sciences, ul. Cybulskiego 32, 50-205 Wrocław, Poland; stanislaw.stasko@ing.uni.wroc.pl. His main fields of expertise include evaluation of groundwater resources using field methods and modelling techniques, groundwater recharge, hard rock hydrogeology and mapping of water resources.

**Stanisław WITCZAK**

Professor emeritus. AGH University of Science and Technology, Faculty of Geology, Geophysics and Environmental Protection, al. A. Mickiewicza 30, 30-059 Kraków, Poland; witczak@agh.edu.pl. His main fields of expertise include hydrogeochemistry, regional hydrogeology and groundwater protection.

**Andrzej WITKOWSKI**

Ph.D. The University of Silesia, Department of Hydrogeology and Engineering Geology, ul. Będzińska 60, 41-200 Sosnowiec, Poland; andrzej.witkowski@us.edu.pl. His main fields of expertise include groundwater protection, monitoring, vulnerability and also environmental impact of mining.

**Małgorzata WOŹNICKA**

Ph.D. Polish Geological Institute – National Research Institute, ul. Rakowiecka 4, 00-975 Warszawa, Poland; malgorzata.woznicka@pgi.gov.pl. Her main fields of expertise are: hydrogeological cartography, groundwater resources and protection.

**Andrzej ZUBER**

Professor. The Carpathian Branch of the Polish Geological Institute – National Research Institute, ul. Skrzatów 1, 31-560 Kraków, Poland; andrzej.zuber@pgi.gov.pl. His main fields of expertise are: principles of tracer methods in hydrology and the origin of formation waters.
