

Table 1

## MAGNESITES – million tonnes

|  | Number of deposits | Geological resources in place |                    |                   |                          | Economic resources in place as a part of anticipated economic resources |
|--|--------------------|-------------------------------|--------------------|-------------------|--------------------------|---|
|  |                    | anticipated economic          |                    |                   | anticipated sub-economic |   |
|  |                    | Total                         | A+B+C <sub>1</sub> | C <sub>2</sub> +D |                          |   |
| <b>TOTAL RESOURCES</b>                               | <b>6</b>           | <b>13.82</b>                  | <b>4.07</b>        | <b>9.75</b>       | <b>2.18</b>              | <b>3.79</b>   |
| <b>including resources of exploited deposits</b>     |                    |                               |                    |                   |                          |   |
| Deposits of operating mines                          | 1                  | 3.79                          | 3.79               | -                 | -                        | 3.79  |
| <b>including resources of non-exploited deposits</b> |                    |                               |                    |                   |                          |   |
| Deposits covered by preliminary exploration          | 4                  | 5.92                          | 0.00               | 5.92              | 2.18                     | -   |
| <b>including abandoned deposits</b>                  |                    |                               |                    |                   |                          |   |
| Abandoned deposits                                   | 1                  | 4.11                          | 0.28               | 3.83              | -                        | -   |
