

Table 1

**NATURAL GAS – resources in Poland as of 31.XII.2024**  
[million m<sup>3</sup>]

Total  
from oil and condensate fields  
from gas fields  
from PMG fields

|                                             | Number<br>of<br>fields | Exploitable resources                                           |                                                              |                                                        |                                                   | Economic<br>resources<br>in place as<br>a part of<br>anticipated<br>economic<br>resources |
